

Drawing for the Terrified

Richard Box

6th Aug 2019

Tuesday

Are you terrified of drawing but to have a secret longing to learn how to do it? On this one day course, Richard will guide you through certain processes slowly, gently and step by step.

Description

We will start by experimenting with the particular methods of learning how to see perceptually. Thereafter, you will be able to record your observations. To keep your terrors at bay you will remain with this simple still life group for the duration of the course. Once you have learned certain principles and practices of drawing perceptually, you will be able to draw other subjects at home with renewed inspiration, enthusiasm and skill.
